

GENERAL PERMISSION NOTE 2017

Dear Parents

During the year there are many events at school which need a permission note. To cut down on the number of permission notes to be sent home during the year we have tried to include most events in this general permission note.

It is important to remember that nothing will occur at school without you being notified. If at any time you do not wish your child to be involved in any activity please notify the school. In the case of major events separate notes will be sent home.

Please complete and return this form at your earliest convenience.

Kayla Gray
