**Thursday 27 September**
No Scripture
No Assembly
Office Closed

**Friday 28 September**
Canteen
BYOD
Last Day of School

---

**Thank you Mrs Durbin!**
Mrs Durbin has been working extremely hard to ‘BEAUTIFY’ Krambach Public School and over the past few weeks she has worked with students to design this amazing piece of artwork.

Way to go Mrs Durbin!

---

**Child Protection Lessons**
Next week and leading into Term 4, teachers will be running Child Protection Lessons in the classroom as a part of our PDHPE curriculum which is covered each year.
Please read the brochure attached for more information or contact your child’s classroom teacher for further information.

---

**PG Video Viewing in 3-6**
Next week students in 3-6 will be watching ‘Wonder’ as the final activity after reading the book ‘Auggie & Me – Three Wonder Stories’ by R J Palacio.
Please contact Mrs C if you have any concerns about your child watching this film.
Cricket Gala Day @ Nabiac
Last Friday students in 3-6 participated in a cricket gala day held at the Nabiac sporting fields. It was a great day interacting with students from different schools and working together to play a few fun games of cricket. During the breaks our students were able to play on the new equipment in the park. A big thank you to our families for working together to get students to and from the oval.

Science in 3-6
Students in 3-6 have been learning about the Earth’s orbit around the sun and how it creates day, night and the different seasons. They have also learnt about the phases of the moon and how the moon effects the oceans and creates tides. Students have been so engaged in our science unit titled ‘Earth’s Place in Space’ and have thoroughly enjoyed learning about our planet and solar system.

Drumbeat Performance
During our weekly assembly students who were involved in the Drumbeat Program did a performance in front of the school. This was the finale of an 8 week program that focused on resilience and building skills within one’s self to deal with a range of social and emotional situations.

Teddy Bear Picnic
Dear Parents and Caregivers

Personal Development, Health and Physical Education (PDHPE) is one of the six key learning areas of the NSW primary curriculum. Our school's PDHPE program aims to help our students develop and lead healthy, active and fulfilling lives.

Our school’s PDHPE program covers a wide range of education matter, including relationships, drug use, human sexuality, child protection, fundamental movement skill development, safety and physical activity. Some of the content of the program deals with sensitive issues. The school recognises this by teaching about these issues within the context of a developmentally appropriate program and by providing information to you about the program.

The PDHPE program aims to encourage students to make informed decisions about their lifestyle taking into account the values of the family, culture and religion to which they belong. The school program will be implemented in a manner that supports the role of parents and caregivers, and reflects the ethos of the school community.

An overview of some of the content of the PDHPE program is provided below.

**Child Protection Education**

- recognising and responding to safe and unsafe situations
- developing positive relationships and support networks
- developing assertiveness (No Go Tell)
- appropriate and inappropriate touching

**Growth and development**

- caring for the body
- body appearance, parts and functions
- effects of illness and disease
- rates and stages of growth and development
- feelings about change
- personal rights and responsibilities
- changing relationships, feelings and needs
- changes relating to and at puberty (Stages 2 and 3)
• male and female characteristics
• reproductive processes (Stages 2 and 3)

**Personal health choices**

• helpful and harmful drugs, including medications, tobacco and alcohol
• nutrition
• sun protection
• personal hygiene

The school is required inform parents and caregivers of the content of the curriculum as it deals with sensitive issues. If you have any issues or concerns please contact the school.
