Year 11, 12 & 13 – 3 kms

### EXCITING NEWS!!!! - WELCOME MS JOHNSON

We would like to welcome Ms Toni Johnson to Krambach Public School after her recent successful application for the position of relieving Principal for the remainder of 2020.

Ms Johnson has worked as an Instructional Leader over the past three years in various local schools including our school here at Krambach. I wish to welcome her to the role as relieving principal at Krambach and wish her the best for her time at the school.

A big thankyou once again to staff, students and the wider community for making me feel so welcome since arriving at the beginning of the year. I have loved my time at Krambach and will miss working with your children each day.

A reminder that Mrs Gray will continue her role as Deputy Principal at Tuncurry Public School for 2020 and will return to Krambach for 2021.

Good luck once again Ms Johnson!

### Bunnings Barbeque Fundraiser

Don't forget that on Sunday 8<sup>th</sup> March, the P&C have booked the Bunnings Barbeque at Taree.

The committee are still seeking volunteers to help on the day. If you are able help or make a donation of sausages, bread or cakes to be used and sold on the day, please contact the P&C president Mydie Keegan on 0429 995. 907.

## 2020 Reading Program

We are re-starting our reading program again and searching for volunteers willing to contribute an hour per week to assist our students in their reading. This program is invaluable in giving students the time to read, one on one and build their confidence. It will run from 11.40 am on weekdays. As volunteers, participants will be required to have a Working with Children Check. We can supply you with details as to how to obtain this. If you are able to support our students, please fill out the slip attached to the newsletter and return it to school.

## Congratulations Mrs Durbin!

Recently Mrs Durbin applied for a grant to complete our school sensory garden. This week we received the exciting news that she was successful in her application.

The sensory garden is to be used as a calm area for students during playtime and also an outdoor learning area where teachers can ignite student's imaginations, engage them in learning activities and foster creativity.

The grant will cover the materials needed to complete our school sensory garden. New garden beds include a Bush Tucker Garden, Butterfly Garden and Native Bee Sanctuary.

Parents interested in assisting with the planning of the three new garden beds are encouraged to contact the school.

## Thank you Royal Bank of Canada

Early this term, the school was approached by the Public Education Foundation enquiring whether one of their scholarship partners, Royal of Canada could support our school and its students after the recent bushfires. At this time, the group would like to donate stationery packs for each student for use at home and school. Each pack is full of pens, pencils erasers and textas!

These packs will be sent home next week with your child. A big thank you once again to the Public Education Foundation and Royal Bank of Canada!

## Assembly – Week 5

Congratulations once again to our class award winners at last week's assembly. It was great to see the smiling faces of not only our students, but the many families who were able to attend the assembly. Thank you also to Mrs Durbin, Mrs Morand and the K/2 class for their amazing class presentation.

# K/2 Learning

K-2 have been learning about the past and how life has changed. Students presented an object from the past that was used by a member of their family. They explained what it was, what it was used for and who from their family used it. Students enjoyed the hands-on demonstrations of a butter churn, hand drill and plane. Thanks to the Patterson and Samuel families for coming in to help with these demonstrations! Many K-2 objects from the past are still on display in our 'Class Museum'. We hope you can visit our room soon!
